

Covered services

Covered services include mental health and substance use disorder services deemed clinically appropriate and medically necessary. Services may require preauthorization. Covered services may include:

- Inpatient admission
- Partial hospitalization programs
- Outpatient visits
- Psychological testing
- Psychiatric medication evaluations
- Ongoing support

Privacy is a priority

Your personal information is kept private as called for by federal and state laws. No one will know you have accessed the program services unless you grant permission or express a concern that presents a legal obligation to release information (for example, if it is believed you are a danger to yourself or to others).

Your Employee Assistance and Mental Health and Substance Use Disorder Programs

Confidential counseling, support, and referral for work, life, and mental well-being

Life is busy. When you need more resources to manage it all or to manage an issue, Employee Assistance Program (EAP) professionals can help.

An EAP offers information, guidance, and support to help you and your family reach your personal and professional goals. It is part of the benefits offered by your employer, and is available at no cost to you.

How it works

Go online or call the toll-free number on this brochure any time. An EAP professional will help to identify your issue and guide you to the appropriate support.

Counseling services

Talk with a licensed counselor for support with issues such as managing stress, strengthening relationships, work/life balance, and grief and loss.

Legal and financial services

Talk to a financial or legal expert for consultations and discounts on services provided for divorce, real estate issues, debt management, and budgeting.

Online resources

Visit the member website to find information to help you improve your health and manage life events. You can also search for service providers in your area.

Mental Health and Substance Use Disorder program

You are also eligible for mental health and substance use disorder (MHSUD) benefits. The MHSUD program provides counseling and referral services for mental health and/or substance use disorder issues on an inpatient or outpatient basis.

The EAP provides short-term, solution-focused help while MHSUD benefits provide longer-term treatment.
